

## **Vacancy: Air Traffic Controller – Immediate Start**

Weston Airport

County Dublin, W23 XHF8

Weston Airport is seeking an experienced Air Traffic Controller to monitor and regulate air and ground traffic and to become a member of our dynamic team. The person should be competent in handling a wide variety of traffic including training traffic, and business jets in a busy regulated environment on the west side of Dublin City.

### **Responsibilities will include: -**

- Managing and controlling air traffic
- Checking weather updates and monitoring air traffic
- Understanding and providing information on flight delays and runway openings and closures
  
- Addressing any customer queries and emergency situations
- Coordinating with adjacent air traffic control centres for all air traffic
- Inspecting all equipment, radios, computers, and radars and ensuring that they are in proper working order
- Alerting the team members about any emergencies
- Maintaining and analysing detailed reports on flight plans
  
- Preparing and issuing landing and take-off instructions to Pilots
- Monitoring aircraft movements using radars and visual references
- Regulating ground traffic and ensuring the safety of passengers as well as vehicles
- Reporting on incidents as required.
- Providing back-office support for the operation as required

## Requirements

- Proven experience as an Air Traffic Controller
- Appropriate qualifications and ratings to carry out the function
- Familiarity with air traffic monitoring equipment such as radar, computer, and radio
- Excellent analytical and decision-making skills
- Strong communication and interpersonal skills
  
- Good time management and organisational skills
- Having an eye for detail
- Excellent mathematical skills
- Ability to work independently and collaboratively
